## **AXA BLACK GRANITE COBBLESTONES**

The new **GRANITE COBBLESTONES** from Meteor Stone's superb International Collection of Natural Stones is about to revolutionize the residential and commercial markets.

Here are some of the advantages in considering **Axa Black Granite Cobblestones** from Meteorstone on your next project.

### **Easy to Lay**

**Black Granite Cobblestones** comes attached on mesh making laying a breeze. Unlike other singularly laid cobblestones, you don't have to have the skills of a professional paver to achieve the desired outcome. Meteorstone have elected to import this particular product with the general skill level of the try hard handy man in mind.

### **You Get What You Pay For**

**Axa black Granite Cobblestone** quantities are determined by the m2 required and are neatly packed in crates ready to be installed. The cobbles themselves are 100x100x20mm "Flamed finish" and glued to a mesh comprising of 25 cobbles with an overall dimension of 550x550mm square with governed 10mm joints, making laying of the product a breeze.

### **How's it dispatched/delivered?**

**Axa Black Granite Cobblestones** will arrive on site in one of two ways, a crane truck or forklift where the product is carefully layered in timber crates with a consistent number of m2 in each crate.

### **Don't Pay The Earth!**

The price of the **Axa Black Cobblestones** is more affordable than you think. Similar products in the market place simply don't have the characteristics, particularly relating to the ease of installation as offered by Meteorstone's range of **Axa Black Cobblestones**.
